<b>Topic:</b> Proposed fish farm Loch Tarbert
<b>Request</b>
Please could you let me have any information you hold (correspondence, emails, application documents, options for leases, leases etc) concerning a proposed fish farm in Loch Tarbert, on the west coast of Jura.
<b>Response</b>
<p>Thank you for your request for information. You may be aware that responsibility for Crown Estate assets in Scotland was transferred to the newly-formed Crown Estate Scotland in April 2017. All records relating to Scottish assets which have been generated since then are only held by Crown Estate Scotland, and they also hold all records generated before transfer of responsibilities.</p> <p>Consequently I have transferred your request to Crown Estate Scotland and you can expect a response directly from them in due course.</p>
